

Katharina Bohr (they/them)

Frontend Developer

With a solid foundation in *modern web development technologies* such as HTML, CSS, Tailwind CSS, React, JavaScript and TypeScript, I bring a passion for creative problem-solving and a commitment to developing innovative, user-friendly, and accessible web applications. My *experience in interdisciplinary teams* has strengthened my ability to communicate clearly, organize my work effectively, and collaborate productively. I am eager to *continuously learn* and adapt in the ever-evolving field of web development.
